

## IMHX 2010 – The place to do business.

### ABOUT THE EVENT

The International Materials Handling Exhibition (IMHX) is the UK's only premier exhibition showcasing thousands of products and services from all sectors of logistics, Intralogistics, and storage industries. Building on the success of 2007, which welcomed over 340 exhibitors and more than 19,000<sup>1</sup> visitors, IMHX 2010 promises to be even bigger, providing a showcase for companies in all areas of materials handling – in the UK as well as internationally.

Under the slogan 'Inspiring Materials Handling eXcellence,' IMHX brings together every aspect of material flow management along the supply chain. From goods-in via the loading bay, through storage entry and retrieval, to final despatch (including the corresponding flow of information), IMHX provides visitors with a unique one-stop-shop.

IMHX is creating a real buzz! To find out more about the 2010 show, please visit [www.imhx.biz](http://www.imhx.biz). If you'd like to find out first-hand what previous exhibitors to IMHX thought, please visit [www.shdtv.biz](http://www.shdtv.biz).
